

Hex Plus

The Hex Plus is a popular 6-panel cap design that's related to our [Hex model](#). The Hex Plus has thicker brim than the Hex model due to the three panels that make up the brim. The middle panel of the brim is a contrasting colour to the other two panels. Both Photo Printing and Embroidery branding methods are available. We can help you choose the best option for your specific branding requirements. The Hex Plus also features an adjustable sizing strap and it can be hand washed when required.
