Titan

The Titan offers a huge charging output of up to 20,100mAh. That's enough juice to recharge an iPhone X over 5 times before you need to recharge the Power Bank. The branding area is also impressive, with ample room to Screen Print or Laser Engrave your logo, slogan, website address and more. The Titan also features two USB ports so you can charge two devices at the same time. A must-have for your next Conference or Event.
