Voyage

The Voyage Luggage Tag is a smart and practical travel accessory, made from durable faux leather for a clean, professional look. A removable cardboard insert provides space for your name and address, helping luggage to be easily identified while travelling. The insert is held neatly in place with a smart securing clip, while the metal buckle fastener allows the tag to attach securely to suitcases, backpacks and travel bags. With dedicated branding areas on both the front and back, the Voyage is an ideal promotional product for travel campaigns, corporate gifts and events.
