

Motion

The Motion USB Cable features an enlarged branding area on both sides, ready to be Photo Printed with your image, logo, slogan, event details and more. The Motion supports data transfer and charging capabilities and is compatible with all major devices due to the 4 connector options, including a standard USB connector, Micro-USB, USB-C and a Lightning Adapter. You can seamlessly extend and retract the cables by pulling both cable ends at the same time. For a wooden touch, check out our [Motion Wood](#) model.
